Bell 204/205 - Wikipedia

The Bell 429 is a dual-engine light utility aircraft made by Bell Helicopter – Textron Inc. The 429 made its initial flight in 2007, and was certified in the year 2009, and launched the following year. It was made to be utilized largely for emergency medical service operations, as the past 427 ' s cabin was small to accommodate a patient. The Bell 429 was made to be a bigger version of the ...

Bell Helicopters for Sale | AvBuyer

Bell designed its Model 204 in response to a 1955 United States Army requirement for a utility helicopter. The 204 was a giant step forward in helicopter design, being one of the first to be powered by a turboshaft. The turboshaft engine radically improved the practicality of the helicopter due to its light weight and high power-to-weight ratio, lower fuel consumption, and lower maintenance and ...
