Collective impact is at a strategic inflection point. After almost three years of extraordinary hype, investors are wondering what this concept really means when they receive proposals that simply replace the term "collaboration" with "collective impact." 1 Researchers are perplexed by so-called new ways of doing business that look eerily similar to what they have already studied.

“Two things changed after that - the 2000 (eighth) and 2014 (ninth) drop each took about 13 years to fall, and each collided into the decades-old pile of drops in the beaker before it could break away from the funnel,” he said. The eighth drop ran into the seventh drop in 2000, but took almost 14 years to tip over.
