Overall, it's a good scooter, quality is acceptable, but I think price is still too high . However, there's no good choice of chinese scooters here and paying additional \$1000 to get a japanese one is just a waste of money (imho).

50cc Scooter Catalogue | Scootersales
Scooters are two-wheeled vehicles that are unique in the fact that the engine is usually under the seat and directly attached to the rear axle. This allows the rider to not have to straddle the engine but puts a limitation on rear suspension quality.
