Biennials, triennials, and documentas. At least since Catherine David's iteration in 1997, documentas have become, in my estimation, meta-exhibitions, that is to say, exhibitions that add to the fundamentals of repeating mega-exhibitions such as biennials and triennials a quality of overview and, by implication, commentary on these exhibitions.

Biennials and Beyond documents 25 of the most significant and pioneering exhibitions that took place between 1962 and 2002. Some shows have been selected for their innovative installation, others for the impact they had on the reception of contemporary art either globally or in a given country, and yet others for the role they played in advancing significant trends in recent art.

But this was 11 years before Biennials and Beyond was published. Why are no exhibitions included from the last decade? Altshuler seems to want to keep the question of what exactly lies 'beyond' the triumph of the biennial open (indeed, of the 25 exhibitions catalogued in this volume, only five of them are actually biennials).
