Grade 9-1 GCSE Combined Science: AQA Exam Practice ...
Because a great amount of data supports the idea of biological evolution through natural selection, and because no scientific evidence has yet been found to prove this idea false, this idea is considered a scientific theory. Because lots of evidence supports scientific theories, they are usually accepted as true by a majority of scientists.

CGP revision guide, I need the answers - The Student Room
Fertilization, the joining of sperm and egg, typically occurs in the fallopian tube, after sperm have made the long swim up through the vagina, past the cervix, and through the uterus. Fertilization brings together the chromosomes from each parent, creating the first cell, or zygote, of the new human. Because a human egg lives no [...]
