Birds of the Horn of Africa (Ethiopia, Eritrea, Djibouti ...

About Birds of the Horn of Africa The Horn of Africa has the highest endemism of any region in Africa, and around 70 species are found nowhere else in the world. Many of these are confined to the isolated highlands of Ethiopia and Eritrea, but a large number of larks specialise in the arid parts of Somalia and adjoining eastern Ethiopia, whilst the island of Socotra has its own suite of endemic species.

Category:Birds of the Horn of Africa - Wikipedia

The hornbills are a family of bird found in tropical and subtropical Africa, Asia and Melanesia. They are characterized by a long, down-curved bill which is frequently brightly colored and sometimes has a

casque on the upper mandible. Both the common English and the scientific name of the family refer to the shape of the bill, "buceros" being "cow horn" in Greek. Hornbills have a two-lobed kidney. They are the only birds in which the first and second neck vertebrae are fused together; this proba

Birds of the Horn of Africa: Ethiopia, Eritrea, Djibouti ...

Hornbill, (family Bucerotidae), any of approximately 60 species of Old World tropical birds constituting the family Bucerotidae (order Coraciiformes). They are noted for the presence, in a few species, of a bony casque, or helmet, surmounting the prominent bill. They are typically large-headed, with thin necks, broad wings, and long tails.

Hornbill - Wikipedia

The Horn of Africa's highest levels of endemism occur among reptiles, with more than 90 of around 285 species found nowhere else. The hotspot's six endemic reptile genera include Haackgreerius, a monotypic genus of skink found in Somalia, and Aeluroglena, which is represented by a single species of snake.

Hornbill | bird | Britannica

The people in it weren't good enough at their character, only Richard Chamberlain was in it, and the storyline just didn't do anything for the original. If you haven't seen The Thorn Birds yet, just see Thorn Birds, and do not see the sequel unless you just want to see it to see how disappointing it is compared to the original.
