Blind Faith (novel) - Wikipedia

Ben Elton has outdone himself in Blind Faith. His close observations of the perils and absurdities of modern life have resulted in a startling dystopia that enfolds humanity's current contradictions in its enormous, all-embracing arms. It's a mash-up of New Age fundamentalism and evangelical display; meaningless hugs and the modesty of nakedness.

I bought this copy as a Christmas present, however, I have read the book myself and it is my favourite of Ben Elton's books. His books are all very well written with different from the norm stories. Blind Faith is a superb dystopian/futuristic tale reminiscent of a 'Black Mirror' type scenario.

Blind Faith eBook: Elton, Ben: Amazon.co.uk: Kindle Store

I'm a fan of Ben Elton, having read quite a few of his books, but I looked at the blurb on Blind Faith and it struck me as very '1980-ish' in the storyline. Should I still give it a chance? I've just started reading "Blind Faith" and I would say that, so far, it's the funny version of Orwell's 1984.

Blind Faith : Ben Elton : 9780552773904 - Book Depository

I loved 'Blind Faith!' As with all the 'Ben Elton' novels, the background and characters were wonderfully delineated and realistic. The story fitted the situation perfectly and was masterfully told! As Almost Famous was a satire of Big Brother, and Chart Throb, a satire of Pop Idol, I expected a mere satire of Facebook was wrong!

Blind Faith Ben Elton

Blind faith is another Ben Elton book where he takes a current idea and twists it into the worst direction he could. While it was a good idea and the story at times was gripping, at other times I became frustrated about how slowly the story was going and felt the betrayal was all a little simplistic.
