AP Computer Science: Blown to Bits Chapter 2
Blown to Bits: Bits so inconceivably, so ineffably, so "microscopically" small that--but let us not anticipate. About the darkest hour of a very dark night, in the year 1883, a large brig lay becalmed on the Indian Ocean, not far from that region of the Eastern world which is associated in some minds with spices, volcanoes, coffee, and piratical junks, namely, the Malay Archipelago.

Blown to Bits: Your Life, Liberty, and Happiness After the ...
Answer) A bit is just zeros and one. To say that "it's all just bits" means that everything on the internet is the same since they are all made up of bits. Computer code and games and video are all saved as bits.
