FORCE XXI BATTLE COMMAND ...

The Blue Force Tracker System. Blue Force Tracker is a system that gives commanders and troops in the field a real-time picture of the battlefield not possible with conventional maps. This improves situational awareness and reduces the possibility of friendly fire. It also allows headquarters to issue orders much more efficiently than by ...

Blue force tracking - Wikipedia

Blue force tracking (BFT) is a military technology that provides positional awareness of friendly forces on a digital map through global positioning system (GPS) technology.
