plywood for hull : boatbuilding

Risking "I told you so" comments, I decided to post this as an example of what NOT to do. I still don't regret my choice of using cheap \$20/sheet underlayment plywood instead of spend \$100/sheet for the "right" plywood. I got a lot of use out of this first homemade boat and learned a lot without spending a lot of money. A second boat using the same plywood that was stored out of weather ...
