Aero 23 - 737-700 Demonstration Flights in Bhutan - Boeing

The Boeing 737-700 is a twin-engined short-to-medium-range narrowbody airliner with a capacity of maximum 149 passengers produced by the American manufacturer Boeing Commercial Airplanes. The Boeing 737-700 is together with the 737-600 , 737-800 and 737-900 member of the 737-Next Generation-Family .

Bahamasair Received their Second Boeing 737-700 Yesterday ...

You'll find it's much easier to operate the Boeing 737–800 in climb, cruise, and descent if you use the autopilot. The autopilot can hold the altitude, speed, heading, or navaid course you specify. For more information on using the autopilot, see Using an Autopilot.

Home - 737 Stock

An interesting trait of C6-BFY is that Bahamasair labelled this 700 as a Boeing 737-"790" which is false since it is actually a "7V3" because it was first owned by Copa. Their first 700 (C6-BFX) is a 790 since it was first owned by Alaska Airlines, but I guess Bahamasair came up with their own meaning for "790" to use it again.
