Bombs Away (The Hot War #1) In his acclaimed novels of alternate history, Harry Turtledove has scrutinized the twisted soul of the twentieth century, from the forces that set World War I in motion to the rise of fascism in the decades that followed. Now, this masterful storyteller turns his eyes to the aftermath of World War II...

Bombs Away (The Hot War, #1) by Harry Turtledove - Goodreads
Around the turn of that century, hundreds of bombs appeared every year in Manhattan. In an article written in September 1905, the New York Tribune claimed that bombs confronted "the nervous system of Gotham" 400 times per annum. Running up the score in those early years was the aforementioned Black Hand.

Bombs Away begins another alternate history series by Harry Turtledove, however rather than explore another version of World War II or the Civil War, this time Turtledove has turned his attention to World War I, sort of. The action certainly begins in Korea, but Turtledove quickly expands the theatre of operations in this first volume...

BOMBS AWAY

Bombs Away is the first volume of a projected alternate history series, The Hot War, in which atomic weapons are used during the Korean War, leading to the outbreak of World War III. It was released in 2015. The novel begins on November 23, 1950, after Chinese forces have intervened in the Korean War.
