McGraw Hill Education
The Nuclear Freeze campaign was one of the most organized and effective social movements in history. The movement demonstrates the power of collaborative advocacy and grassroots action even against the most monumental of odds. The movement began in 1979 as a proposal from an American researcher and advocate, Randall Forsberg.

High School US Government Curriculum - Time4Learning
Allegations of "book burning" in American schools became the subject of national discussion a few years ago upon the massive influx of anti-white and anti-American Critical Race Theory, which saw leftist school boards replacing real history and civics curriculum with far left social pseudoscience and ideological theories about race and gender.
