TIJ Book Review: Creativity, Mihaly Csikszentmihalyi

1. Innovation and Entrepreneurship, Peter F. Drucker. Considered the father of modern management thinking, Peter F. Drucker's seminal text Innovation and Entrepreneurship is a required reading for pretty much anyone in business.. This book was one of the first to analyze innovation and entrepreneurship as purposeful disciplines capable of being studied like any other systems.

Creativity and the Role of the Leader

A reader, 06/23/96, rating=5: Not as good as his other books By and large, the book is OK, but it doesn't have the same impact as his other books. There are also some things that I strongly disagree with, namely his definition of "creativity." Real creativity" happens when the work is ultimately appreciated by society.

book review Leading Innovation, Creativity and Enterprise

A Refresher on the Importance of Innovation This book was a good read. Lots of fun stories about the experiences IDEO has had in practicing innovation. While it doesn't provide the silver bullet answer to your problems, it provides great tips on topics like brainstorming, and serves as a reminder that innovation is something that we should all make an effort to practice every day.

Book Review: Mapping Innovation - Three Star Leadership

I use this book in my Leadership, Creativity and Innovation class and I think it is outstanding. Collective Genius is the best introduction that I know to the newer concept of "leadership without starting with a vision." In many leadership situations these days, leadership has to start well before the vision comes clear.

Leadership, creativity, and innovation: A critical review ...

Many books treated innovation and creativity as the same thing. They're not. Creativity is generating new ideas. Innovation is combining and modifying ideas to come up with ways to do things better. There's more in my post, "A Creativity and Innovation Catechism."
