I went to bed the night before Ida hit and it was still a medium Cat Two. Eight hours later at 7 am Pacific Time I arose, turned on the television as it was coming into Louisiana at a windspeed of 150 mph. My oracular prediction missed fulfilling Category Five by just seven miles-per-hour. Ida was a borderline Cat. Five!

When people hear the name Grigori Rasputin, their minds almost immediately begin to wander. The stories told about this so-called “Mad Monk” suggest he possessed some magical powers, or that he had a special connection to God. But they also suggest he was a sex-crazed maniac who used his position of power to seduce women

Below are a list of changes made to the stories of the Harry Potter books when they were adapted into feature films. They occur for a number of reasons, one of them being that films require the story to be significantly shortened (such as the removal or shortening of various sub-plots that are irrelevant to the main story). In the films, house points play a major role only in the Philosopher's ...

Dredging is the excavation of material from a water environment. Possible reasons for dredging include improving existing water features; reshaping land and water features to alter drainage, navigability, and commercial use; constructing dams, dikes, and other controls for streams and shorelines; and recovering valuable mineral deposits or marine life having commercial value.

Dredging - Wikipedia
