"Michael Scott's book could have been entitled 'Why Programming Languages Work'... Its comprehensive and integrated presentation of language design and implementation illustrates and explains admirably the many deep and profitable connections among these fields." ?Jim Larus, Microsoft Research

*Programming Language Pragmatics | Download [Pdf]/[ePub] eBook*

The first three editions of *Programming Language Pragmatics (PLP)* had the good fortune of riding the trend toward integrated understanding. This fourth edition continues and strengthens the “systems perspective” while preserving the central focus on programming language design. At its core, *PLP* is a book about how programming languages work.
