of them are completely free. One of the best features of this site is that not all of the books listed here are classic or creative commons books. ManyBooks is in transition at the time of this writing. A beta test version of the site is available that features a serviceable search capability. Readers can also find books by browsing genres, popular selections, author, and editor's choice. Plus, ManyBooks has put together collections of books that are an interesting way to explore topics in a more organized way.

The Adventures of Huckleberry Finn by Mark Twain

A sociologist friend told me a few months ago that she had finally read my book *Justice*, and that it was the first time that she had encountered Judith Jarvis Thomson's violinist case (which she thought was pretty neat). The full text of the article is [here](#); the wikipedia entry is [here](#). The discussion reminded me that I keep intending to post something about thought experiments in general, and ...
