Brutalist Architecture Movement Overview | TheArtStory

Brutalism is a style with an emphasis on materials, textures and construction, producing highly expressive forms. Seen in the work of Le Corbusier from the late 1940s with the Unité d'Habitation in Marseilles, the term was first used by Alison Smithson in 1953 for an unexecuted project for a house in Colville Place, Soho in which she described its warehouse aesthetic of bare concrete, brick ...

Brutalist architecture - Wikipedia

Brutalist architecture is an architectural style which emerged during the 1950s in the United Kingdom, among the reconstruction projects of the post-war era. Brutalist buildings are characterised by minimalist constructions that showcase the bare building materials and structural elements over decorative design. The style commonly makes use of exposed, unpainted concrete or brick, angular ...
