As the dense concrete has

Online Library Bs 5492 Internal Plastering

low porosity and smoothness, plastering does not adhere to the surface. To treat this problem, reference is made in Section 4 of BS 5492: 1990 to the use of bonding treatment on dense concrete backgrounds due to

Online Library Bs 5492 Internal Plastering

the low porosity, little suction and the absence of a mechanical key on such surfaces.
