Some History of Ethics in Business . Lack of ethics in finance is one of the primary factors that led to the fall of Wall Street and the near-collapse of the U.S. economy in September and October of 2008. Lack of ethics combined with the deregulation of the U.S. financial system precipitated the worst recession since the Great Depression

An Education in Ethics | HuffPost

Wolf of Wall Street takes this idea to the extreme. The flaw in this approach is that you have to look at people as problems which need to be solved. This is where things get ethically tricky. Ethics, as a study, isn't concerned with whether you can do something. Ethics focus on whether or not you should.
