How to Prep for the CISA and CISM: Everything You Need to Know
Obviously, we should not expect that the CISM Review Manual and QAE Database will include the real exam questions. These resources are used to give the candidates a sneak peek on the exam mindset and the typology of the exam questions. And the last but not least, the difficulty of the exam unfortunately is really a subjective matter.

However, don't overuse the QAE as you will tend to remember answers from already seen questions. When you read thourhg the CISM manual or any other ressources start making your own glossary + explanations about things that seem important to you. Review the glossary (For me it was baout 10 pages in the end).

happy to assist anybody preparing.
Key points to keep in mind: - Stuck to the official CISM review manual (read it thoroughly) - Keep practicing CISM QAE as much as you can - no further resources needed if you are experienced professional.

CISA Review Manual, 27th Edition
The QAE Manual has the questions in booklet format, and it is not ideal because it has the answers right there under each question. The QAE database is an online testing application that is highly customizable in how you want to set up practice exams.
