In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

Thorough coverage of basic digital
communication system principles

**Solutions Manual For Digital
Communications, 5th Edition ...**

While I was loathe to purchase this newest
edition of Proakis' book on Digital
Communications, owing to older editions
floating around my lab, I decided it was
worth it to shell out the money for this
most recent edition. It is fairly concise,
and provides an excellent survey of
modern digital communications.
