Principle Five of the BYU-Idaho learning model states: "Learners and teachers at BYU-Idaho love, serve, and teach one another". In order to incorporate this aspect of the learning model in our course, it is important all students prepare and participate. Adequately prepared students should expect to spend 15-20 hours per week for Math 109.

Pre-Calculus Final Review Flashcards | Quizlet

Pre-Calculus Unit Circle. In pre-calculus, the unit circle is sort of like unit streets, it's the very small circle on a graph that encompasses the 0,0 coordinates. It has a radius of 1, hence the unit. The figure here shows all the measurements of the unit circle:
