Cancer Is Not a Disease – It's a Healing Mechanism by ...

In the introductory video in his website, Dr. Lodi says: "I love cancer. The reason I love cancer is because, in the vast majority of people with cancer, it is the most powerful divine tap on the shoulder". I wonder, if cancer is not a disease and only a tap on the shoulder, there is no disease at all.

What Is Cancer? - American Cancer Society

The report "assesses breast cancer as four molecularly defined subtypes, not as a single disease," National Cancer Institute director Dr. Harold Varmus said in an institute news release. "This is ...

What Is Cancer? - National Cancer Institute

Cancer is a modern disease, we are falling apart at the seams, in the genes, because of the toxic sludge and SUVs, paid for by idiots who make a living selling cancer drugs to unsuspecting people. This organisation, Cancer research UK, is not to be trusted.

Cancer Is Not a Disease - It's a Survival Mechanism by ...

When one thinks of cancer, there is an automatic association with disease, illness and sickness. This newsletter attempts to redefine what cancer really is. It is definitely not a disease in the classic sense and most definitely not an illness.

Cancer - Symptoms and causes - Mayo Clinic

A round 400 B.C., Hippocrates theorized that cancer was a single disease that would not fully go away, in most cases, even after it was surgically removed. That's why, for centuries after the scholar's death, cancer often went untreated for fear that interventions would do more
