Castles served a primarily military purpose -- they housed armies and acted as garrisons that controlled a particular territory. Many castles were part of fortified towns and sheltered the surrounding villagers in times of war and siege. As time went on, castles also became residences for lords and kings.

If you hear the word "castle" or the word "palace," you might picture the same kind of building for both: large, made of cut stones, probably with a

tower or turret. And, of course, you're not entirely wrong, as those are features of both palaces and castles.
