### **Causality in African Ontology**

Hume's most important contributions to the philosophy of causation are found in A Treatise of Human Nature, and An Enquiry concerning Human Understanding, the latter generally viewed as a partial recasting of the former. Both works start with Hume's central empirical axiom known as the Copy Principle.

### **Causality - Wikipedia**

Kant famously attempted to "answer" what he took to be Hume's skeptical view of causality, most explicitly in the Prolegomena to Any Future Metaphysics (1783); and, because causality, for Kant, is a central example of a category or pure concept of the understanding, his relationship to Hume on this topic is central to his philosophy as a whole.

Causality (also referred to as causation, or cause and effect) is influence by which one event, process, state or object (a cause) contributes to the production of another event, process, state or object (an effect) where the cause is partly responsible for the effect, and the effect is partly dependent on the cause. In general, a process has many causes, which are also said to be causal ...
