source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

Celtic art - Wikipedia

The construction principles of Celtic art were re-discovered in the middle of the 20th century by George Bain. Until his writing, the intricate knots, interlacings, and spirals used in illuminating The Book of Kells and in decorating craftwork and jewelry seemed almost impossible, "the work of angels."

Book of Kells Middle Ages Celtic Art: The Methods of ...

In a classic work by George Bain called "Celtic Art, the methods of construction," a slightly different design method is documented that I called the "Centerline" method. This is the method most easily identified in the Book of Kells. Many people find this method more complex because it requires more drawing and erasing of lines.
