Vimala would always say: "If your life is working the way you want it to, don't change your handwriting – because once you do, your life will open up in the most extraordinary ways." I came across Vimala's work about 18 months ago. I was in a new job that was very good & already paid well but I knew I wanted to do something different.

Your handwriting doesn't define you; it works for you. Which brings us to the other major reason your handwriting can change over time: It evolves to match your evolving needs. "I'm not a big proponent of the idea that handwriting has to be perfect, or the form has to be a certain way and we all have to have the same handwriting," Dinehart says.
