and June 2019 affected almost 2% of world maritime trade volumes, says Youssef. These growing tensions are impacting supply chains, with trade diversion and substitution of suppliers, she says.

A global shift: opportunities in a changing landscape
The three-continent system was an idea devised in Archaic Greece, a time of Greek colonial expansion and trade throughout the Mediterranean and the spread of writing again. Writing is a prerequisite of written geography. It had been lost during the preceding Greek Dark Ages, a period of piracy at sea and defensive parochialism on land. The preceding Mycenaean Greece left scant record of some ...

Changing Landscapes of Singapore: Old Tensions, New ...

Landscapes can be deeply personal. They furnish the visually rich and ever changing milieu that accompany us as we journey through life. In trying to excavate these visual remembrances from the recesses of my mind, I realise that most of the landscapes which hold significance for me are comprehended through the idiom of loss: the Gurkha police settlement with its broad grassy spaces where I ...
