### **10. cash flow in capital budgeting - SlideShare**

cash flow. earnings. operating profit. 3. The estimated benefits from a project are expressed as cash flows instead of income flows because: it is simpler to calculate cash flows than income flows. it is cash, not accounting income, that is central to the firm's capital budgeting decision. this is required by the Internal Revenue Service.

### **10 - 1 10 - 2 Chapter 10: The Basics of Capital Budgeting ...**

10-1 Project classification schemes can be used to indicate how much analysis is required to evaluate a given project, the level of the executive who must approve the project, and the cost of capital that should be used to calculate the project's NPV. Thus, classification schemes can increase the efficiency of the capital budgeting process.
