Chapter 11 "Cell Communication" AP Biology Reading Guide ...
Chapter 11 Cell Communication Lecture Outline . Overview: The Cellular Internet. Cell-to-cell communication is absolutely essential for multicellular organisms. Cells must communicate to coordinate their activities. Communication between cells is also important for many unicellular organisms.

Chapter 39: Plant Responses to Internal and External Signals
Cytokinesis in plant cells, which have cell walls, is markedly different. There is no cleavage furrow. Instead, during telophase, vesicles derived from the Golgi apparatus move along microtubules to the middle of the cell, where they coalesce, producing a cell plate. Cell wall materials carried in the vesicles collect in the cell plate as it grows.
