Aristotle argued, however, that the world is knowable not because things in the world are imperfect copies of the Forms, but because the Forms are in things themselves as the defining essences of those things (see, e.g., De Anima [On the Soul], Book I, Chapter 1 [403a26-403b18]; Metaphysics, Book VII, Chapter 6 [1031b6-1032a5] and Chapter 8 ...

Hegel's Dialectics (Stanford Encyclopedia of Philosophy)

Historical materialism, also known as the materialist conception of history, is a methodology used by scientific socialists and Marxist historiographers to understand human societies and their development through history, arguing that historical changes in social structure are the result of material and technological conditions rather than ideals. This was first articulated by Karl Marx (1818 ...
