5: 4: 5: 14: D: 3: 5: 2: 10: E: 4: 2: 1: 7 * 1 = highest; 5 = lowest ** You may choose to weight some criteria more heavily than others. Suppose that you want to emphasize social more than environmental and economic factors. Depending on the weights you apply, this may favor Strategy B over Strategy A.

Stat4e TOC ISM - mastmedical.org

Many human populations, particularly in Europe, where dairy cows were domesticated, acquired the ability to metabolize lactose throughout adult life, most likely by mutation of regulatory elements in the lactase gene promoter region. This has apparently happened independently among some east African populations.
