Class Charts has been designed by a teacher with 16 years of experience in the classroom. We know how important it is that software is simple and easy to use for your teaching team and understand the need for SLT to have a powerful reporting engine which gives them the information they need in seconds.

Navigraph Charts

Charts are elements that can be placed onto any diagram, but they are commonly created on Dashboard diagrams, which are one of the extended diagram types. There are pre-set charts that can simply be dragged onto a diagram, and user defined charts where you can define the chart type, the content and the chart appearance.
