Gas molecules are in constant, rapid, random motion. b. As a gas is heated, its rate of effusion through a small hole increases if all other

Download Free Chemistry States Of Matter Packet Answers Key

factors remain constant. As a gas is heated, each molecule's speed increases; therefore, the molecules pass through the small hole more frequently.

Practice Packet: Unit 2:

Matter

Using chemistry to solve crimes is a very common practice. Chemical and physical properties of substances can be used to match a suspect to a crime scene. This is very

Download Free Chemistry States Of Matter Packet Answers Key

frequently done with blood samples, but as no one was willing to donate about a quart of blood for this experiment, we will have to use simpler substances.
