Chevy Small Block V8 Parts - Free Shipping @ Speedway Motors

In 1955, Chevrolet introduced the Small Block V8, so called because of its compact design. This first V8 featured 265 CID of displacement and produced 180 hp (some sources claim 195 hp). As would become typical in Chevy automotive history, this V8 was first rolled out in the Corvette, which had been criticized somewhat for its prior, less-than-exciting I6 offering.
