A Guide to OxyContin Addiction by www.drug-rehabs.org

But make sure you are aware that it will no longer be timed release the way it was made originally. So if you are used to having a 60mg pill every 12 hours, that's only 5mg an hour and if you were to chew or cut up that same 60mg pill. It would be 60mg almost all at once. So it's very easy to overdose.
