Note there is no single fixed definition of a scooter (also known by the full name motor-scooter), but generally a smaller motorcycle with a step-through frame is considered a scooter, especially if it has a floor for the rider's feet (as opposed to straddling the vehicle like a conventional motorcycle). Other common traits of scooters can include: bodywork (so the mechanicals are not exposed ...

Chinese immigration to Mexico began during the colonial era and has continued to the present day. However, the largest number of migrants to Mexico have arrived during two waves: the first spanning from the 1880s to the 1940s and another, reinvigorated wave of migrants arriving since the early 21st century. Between 1880 and 1910, during the term of President Porfirio D í az, the Mexican ...
