Community Reviews. This guy is a total misogynist and fraud. His real name is Chance Barnett, NOT Christian Carter. Women, I don't think you really want to read advice from a guy who preys on women's insecurities and makes them feel less than, especially if he's a complete phony, with no credentials to speak of.

to Commit to You

He wants a woman who is independent. What matters to a man is that a woman still has space in her life for a great relationship and is grounded and present when she's with him. The best way to communicate this to a man is to stay busy in your own life and not suddenly make him your world. Don't drop your own interests, responsibilities, and friends just to be with him.
