Philosophy of linguistics is the philosophy of science as applied to linguistics. This differentiates it sharply from the philosophy of language, traditionally concerned with matters of meaning and reference. ... words, phrases, and other linguistic items, then the clearly privileged information will include corpora (written and oral)—bodies ...

COMPENDIUM | meaning in the Cambridge English Dictionary

1. Basics. The notions of word and word meaning are problematic to pin down, and this is reflected in the difficulties one encounters in defining the basic terminology of lexical semantics. In part, this depends on the fact that the term 'word' itself is highly polysemous (see, e.g., Matthews 1991; Booij 2007; Lieber 2010).

Julian McAuley - University of California, San Diego

Discourse is a generalization of the notion of a conversation to any form of communication. Discourse is a major topic in social theory, with work spanning fields such as sociology, anthropology, continental philosophy, and discourse analysis.Following pioneering work by Michel Foucault, these fields view discourse as a system of thought, knowledge, or communication that constructs our ...
