It ' s easy to search Wikibooks by topic, and there are separate sections for recipes and childrens ' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there ' s no support for other formats. There ' s also Collection Creator – a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It ' s a nice feature that enables you to customize your reading material, but it ' s a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

The atheistic, evolutionary Cosmos TV series hosted by Neil deGrasse Tyson recently concluded its 13-episode run. As our reviews (see below) are spreading around the world, the secularists are continuing to provide written critiques full of straw-man arguments, ad hominem attacks, and so on. It seems they cannot stand the fact that we would even dare to question and expose their biased-filled ...
