Course information 2017 18 -
London School of Economics
The aim of this degree is to
provide a range of courses which
look critically at management
issues. This will allow students to
pursue a range of careers in
commerce, industry and education.
The first two years of the
business studies degree focus on
some of major principles
underlying management,
economics, sociology and
quantitative methodology.

Management science methods
Management science deals with
decision making within a
managerial context. It
encompasses a number of
systematic approaches to making
decisions in problems often
encountered by managers.
