Crime then is a social construct which is ever changing according to time and space. It makes no sense to say that "crime is a result of biochemistry only" because crime is the result of biochemistry only" because crime is the result of political decision making, and we can easily change those decisions according to different contexts, without changing our own biochemistry.

Crime Syndicate of America - Wikipedia

Organized crime in Russia strengthened with Soviet political cooperation, and, with the exception of some turbulent years during the Soviet era, the balance has shifted so that organized crime has far more power than it did 20 or 30 years ago.
