The 1958 Lebanon crisis (also known as the Lebanese Civil War of 1958) was a political crisis in Lebanon caused by political and religious tensions in the country that included a United States military intervention. The intervention lasted for around three months until President Camille Chamoun, who had requested the assistance, completed his term as president of Lebanon.

1958 Lebanon crisis - Wikipedia  
Crisis management is the process by which an organization deals with a disruptive and unexpected event that threatens to harm the organization or its stakeholders. The study of crisis management originated with large-scale industrial and environmental disasters in the 1980s. It is considered to be the most important process in public relations.. Three elements are common to a crisis: (a) a ...
