### GUIDELINES ON NUTRITIONAL SUPPORT IN ICU

ESPEN guidelines for nutrition in critical illness have shifted from optimistic anticipative nutritional pharmacotherapy towards cautious and balanced metabolic support. This important new orientation in ICU nutrition management is a consequence of recent strong RCT-based evidence.

### Guidelines - Society of Critical Care Medicine (SCCM)

Purpose: To provide evidence-based guidelines for early enteral nutrition (EEN) during critical illness. Methods: We aimed to compare EEN vs. early parenteral nutrition (PN) and vs. delayed EN. We defined "early" EN as EN started within 48 h independent of type or amount. We listed, a priori, conditions in which EN is often delayed, and performed systematic reviews in 24 such subtopics.
