Crystal Clear A Human Powered  
Crystal Clear: A Human-Powered Methodology for Small Teams Preface. Crystal Clear: A few key rules to get a small project into its safety zone. You have barely enough resources to get the system out. You don't want the team to write long documents, but they are forgetting things they are supposed to know about.

Chapter 8. Tested (A Case Study) - Crystal Clear A Human ...  
Crystal is "human-powered"—This means that people are the most important aspect of Crystal, and all the processes and tools are relative to them. Crystal believes that software development is essentially a human activity, so people involved in this activity are vital while the processes should be modelled to meet the requirements of the team, not the other way around.
