Garo Customary Laws And Practices

While water law is closely associated with property law (environmental law has also decisively influenced it), the right of an individual to use water from a water source is a water right. Property law is the law that governs the various forms of ownership and tenancy in real property; environmental law regulates human interaction with nature.

Customary Water Laws And Practices

Customary water rights have been referred to as the ‘sleeping giant’ of water law in western and northern Canada as many of the older land claim treaties with native people did not address water rights.¹ There have been very few cases on the topic of customary water rights or their relationship to statutory rights.

TRADITIONAL AND CUSTOMARY RIGHTS

Customary law can also include provisions for when a water source is shared between different communities, such as the understanding that bathing and washing take place downstream of where drinking water is extracted, for example. Customary practices follow an inherently integrated, holistic approach.
