My repair was to a 3 cylinder Kubota (D722), but I think the same basic process would work on any Kubota diesel engine. This seems to be a fairly common problem so I hope it saves some time and money for others. The leak was around the base where the injector lines connect to the pump.

Kubota Injection Pump, Kubota Injection Pump Suppliers and ...

looking for fuel injection pump rebuild kit for my Kubota B8200. can you please give me a price and kit part number. thank you, nick:
Shane: How are you going to "calibrate" the pump ? Without a test stand with a camshaft, it is nigh on impossible. I did several a few years back, but they were complete pumps, each with their own camshaft.

Another thing i saw when i was checking the
timing, was the fluid in the fitting on the
pump after it came up for the injection cycle
would go back down as i kept rotating the
engine to see the next cycle. Is it possible
for fluid to go back into the pump or is
there suppose to be an internal one way valve
on it?

Kubota D722 fuel injector pump wont come out!!! Help

I have a Grasshopper mower with a Kubota D722-E engine, it will not start. We took it to have it fixed the price they quoted was way to high so brought back fix ourselves. They said the fuel pump was bad, (it checked ok) then they said the injector pump was bad took it to a deisel injection shop they said it was good.
