### Re-reading "Das Kapital" - Alumniportal Deutschland

The long pause between the first part and the continuation is due to an illness of many years' duration that again and again interrupted my work. The substance of that earlier work is summarised in the first three chapters of this volume. This is done not merely for the sake of connexion and completeness.

### Monthly Review | Discovering Das Kapital

However I've heard from the left-com circles that the subtitle is crucial to understanding Das Kapital as a whole - that it is not an economic work, but rather a critique of the field of economy itself (for example I've read that 'Marxian economics' (in some thread about Wolff) is largely an oxymoron, because one of the Marx's most important projects was a critique of that discipline).

### Das Kapital | Description & Facts | Britannica

Das Kapital is the supreme example of the dialectical mind in action, of the dialectical mind using all its power of abstraction to plough up layer after layer of empirical social experience. Marx was, of course, greatly concerned with the problems of his philosophical workshop as well, and with the nature of his intellectual tools, those he had inherited from others and those he himself invented.

### Economic Manuscripts: Capital: Volume One

It must not be forgotten that Das Kapital was a work born out of the industrial revolution and although eventually conditions would change for the better, this is an important treatise and critique of the system that created such squalor for some many of the working poor in Europe.

### Das Kapital: A Critique of Political Economy by Karl Marx ...

In Das Kapital, Marx lays claim to having discovered "the economic law of motion of modern society". It is, first of all, a law of progress: capital-driven economy, as the sketch in the Communist Manifesto predicts, "has created more massive and colossal productive forces than have all preceding generations together"; it has fostered technology and science and created the world market.
