you fell into one. "Holy Wars" examines the needless friction between science and religion in the context of historical conflicts.

## **Death by Black Hole - Wikipedia**

Death by Black Hole . Without a doubt, the most spectacular way to die in space is to fall into a black hole. Where else in the universe can you lose your life by being ripped apart atom by atom? Black holes are regions where gravity is so great that the speed required to escape is greater than the speed of light.

How It Works: Death By Black Hole. A quantum quandary. By Katie Peek. April 21, 2015

### **Death by Black Hole (Audiobook) by Neil deGrasse Tyson ...**

Black holes are dark. That is their essence. When black holes collide, they will do so unilluminated. Yet the black hole collision is an event more powerful than any since the origin of the universe. The profusion of energy will emanate as waves in the shape of spacetime: gravitational waves.
